## PARKES TO NARROMINE

### PROJECT NOTIFICATION

#24 | JUNE 2019

### Out of hours work on Inland Rail

Inland Rail is a once-in-a-generation project connecting regional Australia to domestic and international markets. Australian Rail Track Corporation (ARTC) has engaged INLink (a joint venture between BMD Constructions and Fulton Hogan) to upgrade and build the first section of the Inland Rail, from Parkes to Narromine.

### Out of hours work

As part of our construction work, we need to do some activities out of hours. This will be on alternate weekends from **Saturday 15 June 2019 until mid-July 2019**. This will be within our Peak Hill site compound, Station Lane.

### Our standard working hours until mid-2020:

- ▶ 7am to 6pm Monday to Friday
- ▶ 8am to 1pm Saturdays

### Out of hours until mid-July on alternate weekends:

- ▶ 6am to 6pm on Saturdays
- ▶ 6am to 6pm Sundays

### What we will be doing:

- ▶ Sorting rail clips, discarding waste and materials in the site compound
- ▶ Cleaning the site compound.

### We will use noise minimising techniques out of hours, including but not limited to:

- ▶ Non-tonal alarms on all vehicles and equipment
- ▶ Equipment not in use for extended periods will be switched off

- ▶ Pre-work briefs to all staff about noise minimisation.

### Community Safety

- ▶ All work areas will be protected or fenced to ensure safety to the public
- ▶ Our sites will be clearly signed to identify work zones, and the community will be notified where required.

We appreciate your understanding as we build this once-in-a-generation project. We can be contacted **24 hours a day, 7 days a week on 1800 732 761**.
