PARKES TO NARROMINE

PROJECT NOTIFICATION
#26 | JUNE 2019

Level crossing upgrades and temporary closures – Kittos Bridge Road

Inland Rail is a once-in-a-generation project connecting regional Australia to domestic and international markets. Australian Rail Track Corporation (ARTC) has engaged INLink (a joint venture between BMD Constructions and Fulton Hogan) to upgrade and build the first section of the Inland Rail, from Parkes to Narromine.

Temporary Road Closures

As part of the work we are upgrading level crossings between Parkes and Narromine. While we do this, we need to temporarily close public roads.

Timing and location of works:

Kittos Bridge Road, Peak Hill

- ▶ Off Newell Highway, Peak Hill.
- ▶ From **Tuesday 18 June 2019 until the end of July 2019**
- ▶ Road detour will be via - Gospers Lane and Bulgandramine Road.

What we will be doing

- ▶ Removing existing rail and sleepers
- ▶ Install drainage and culverts
- ▶ Build road formations, with sealed road over the level crossing

- ▶ Install new gravel (ballast), sleepers and rail, and then tamp (adjust) rail into place
- ▶ Installing fences and permanent signage
- ▶ Install fencing where required in the rail corridor.

What to expect

- ▶ Traffic management with detour signage will be in place to assist those impacted
- ▶ During the work there will be heavy vehicles travelling to and from the work sites
- ▶ Access to private properties will be maintained
- ▶ A second short term closure will be required for the final rail works to be completed in the future.
