PARKES TO NARROMINE

PROJECT NOTIFICATION

#69 | NOVEMBER 2019

Level Crossing upgrades and temporary closures – Wyatts Lane, Parkes

Inland Rail is a once-in-a-generation project connecting regional Australia to domestic and international markets. Australian Rail Track Corporation (ARTC) has engaged INLink (a joint venture between BMD Constructions and Fulton Hogan) to upgrade and build the first section of the Inland Rail, from Parkes to Narromine.

What we will be doing

- ▶ Laying new rail and sleepers
- ▶ Build road formations and new plate over rail
- ▶ Welding rail into place
- ▶ Install new gravel (ballast), tamp (adjust) rail into place
- ▶ Install permanent signage and fencing

Temporary road closures

As part of the work we are upgrading level crossings between Parkes and Narromine. While we do this, we need to temporarily close public roads.

Timing and location of works:

Wyatts Lane, Parkes

- ▶ Off Bogan Road, Parkes
- ▶ From **Monday 11 November until late December 2019**
- ▶ A detour will be in place during the closure. Traffic will be diverted via Back Trundle Road, Henry Parkes Way, Newell Highway and Bogan Road, Goonumbra

Road upgrade map

inlandrail.com.au

What to expect

- ▶ During the work there will be heavy vehicles travelling to and from the work sites
- ▶ Traffic management with detour signage will be in place to assist those impacted by the road closure.

Community safety

- ▶ All work areas will be protected or fenced to ensure safety to the public
- ▶ Our sites will be clearly signed to identify work zones, and the community will be notified where required
- ▶ Once rail has been installed in each section, the rail will be 'live' and construction trains will be intermittently passing across the level crossing. For your continued safety, please ensure you obey all signage at level crossings.

Work hours

Our standard working hours until mid-2020

- ▶ 7:00 am to 6:00 pm Monday to Friday
- ▶ 8:00 am to 1:00 pm Saturday.

If work is required outside these hours, impacted residents will be notified in advance.

We appreciate your understanding as we build this once-in-a-generation project. We can be contacted **24 hours a day, 7 days a week on 1800 732 761.**
