

# Wangaratta Railway Station and Green Street bridge works

## May 2024

McConnell Dowell has been engaged by the Australian Rail Track Corporation (ARTC) to undertake construction for the Inland Rail project.

### Work being done

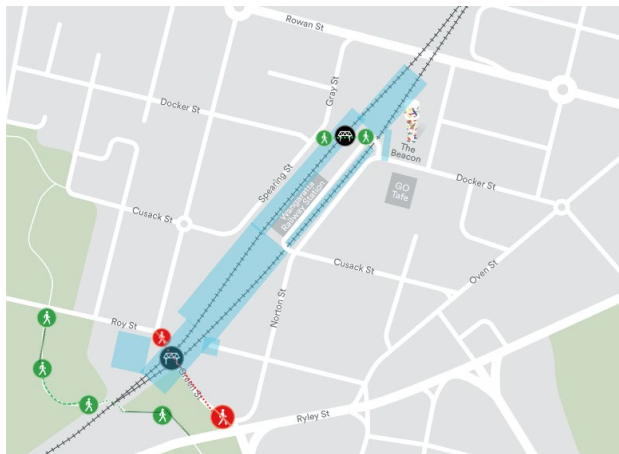

McConnell Dowell will continue construction in and around Wangaratta Railway Station and Green Street bridge during May.

Works on the new Green Street bridge will include removal of the western abutment with formwork and concreting for the new abutments and then installation of deflection walls adjacent to the rail track.

Construction of a crane pad will commence, in preparation for the upcoming lifting of the new bridge structure.

Station precinct works will include installation of drainage and trenching for electrical conduit and cabling. Piling and concreting for the stairs, ramp and lift shaft on the eastern side will also begin.

A pump station will be installed for the new pedestrian underpass and works will continue for the new western platform. Replacement of the existing traffic and pedestrian crossovers will take place at the station with some impacts to passengers and station access.

Work areas during May 2024

### What can I expect?

- Construction work 7am-7pm Monday to Sunday (7 days)
- Extended working hours from 3am-11pm Monday 6 May
- Noise from construction machinery and equipment operating onsite
- Trucks and other vehicles entering and exiting the work site
- Ground excavations in various locations
- Approved vegetation removal within the project area including tree removal in Roy Street West
- Changes to pedestrian access via the Docker Street footbridge are in place
- Green Street bridge closed between Norton Street and Roy Street West, with detours in place
- Traffic management in and around Green Street, Cusack Street, Roy Street West, Spearing Street and Norton Street, when required which may cause minor traffic delays.

### Machinery used

Heavy and light vehicles including piling rig, concrete pump trucks, wall saw, trucks, cranes, dump trucks, loaders, excavators, rollers and tamping machines will be used within the work areas.

### How we're managing impacts

- Traffic management in place to ensure safe access for all road users and pedestrians, where required
- Environmental controls in place including live monitoring of noise, dust and vibration.

For any concerns or enquiries phone 1800 929 244, email [victoriaprojects@artc.com.au](mailto:victoriaprojects@artc.com.au) or visit our shopfront at 48a Norton Street on Thursdays 10am–2pm.

Thank you for your patience and cooperation while we carry out these works.
