

Level Crossing Works Tumba Road, North Star 29 April – 7 May 2025

Rhomberg Sersa Australia Pty Ltd (RSA) has been engaged to undertake level crossing works on the Inland Rail alignment at Tumba Road, North Star between **29 April** and **7 May 2025**.

Access across this level crossing will be maintained during the work.

Work being done

RSA will carry out a range of activities including replacement of the level crossing rubber panel system.

To minimise disruption to road users at this level crossing, we will work on half of the level crossing at a time, and the work site will be protected behind traffic barriers.

Timings

Start date: Tuesday 29 April, 6.30am

End date: Wednesday 7 May, 6.30pm

Work hours: Our working hours are between 6.30am and 6.30pm. Crews will be on site until works are completed.

What can I expect?

- Trucks and other vehicles entering and exiting the work site.
- Construction machinery and equipment operating on site adjacent to live traffic.
- Some minor traffic delays are expected during work hours.

How we're managing impacts

- The works at the level crossing will be undertaken in two halves so access across the level crossing can be always maintained.
- Traffic control will be in place and an alternating lane of traffic across the rail line will be maintained at all times.
- Lighting of the work site at night will be directed at the worksite and away from any nearby residents.
- Access to private properties will not be impacted.

Cancellation of works

Works can sometimes be cancelled at short notice depending on weather and other factors. Should this occur, works will be rescheduled. Signage on site will advise of any changes.

For any concerns or enquiries phone the team on 1800 732 761 or email inlandrailnsw@inlandrail.com.au

Thank you for your patience and cooperation while we carry out this essential work.
