

# Anderson bridge demolition and station precinct works

## Euroa

### 1 to 30 June 2025

---

**JOHN  
HOLLAND**

John Holland will continue construction of the new vehicle underpass and station precinct upgrades throughout June.

#### Work being done

- Demolition of the Anderson Street bridge and approach ramps
- Demolition of the station vehicle access ramp
- Piling for the new Handbury Street pedestrian underpass, new station platform, lift shafts and Anderson Street road underpass on the northern side of the rail corridor
- Removal of redundant rail track and signalling infrastructure
- Building a hardstand area
- Installation of new street lighting along Birkett Street
- Underground utility relocation in Anderson and Handbury streets
- Approved tree and vegetation removal where necessary.

#### What can I expect?

- **Works 7am-6pm Monday to Friday and 7am-1pm Saturdays**
- Closure of Anderson Street bridge with a vehicle detour via Brock, Campbell and Birkett streets
- Closure of Handbury Street underpass with a pedestrian detour via Elliot Street and the Frost Street pedestrian underpass
- Access changes to the railway station (see map for details)
- All train services will use the eastern platform (Platform 1)
- Delivery of construction materials and equipment
- Nearby residents may experience some noise and vibration.

#### How we're managing impacts

- Traffic management and reduced speeds
- Detours and directional signage
- Environmental controls in place for noise, dust and vibration.

#### Machinery used

Cranes, excavators, trucks, non-destructive digging trucks, earthmoving plant, compaction roller, jack hammers, road and concrete saws, rail train and workers using hand tools/survey equipment, traffic management equipment/signage.

#### Cancellation of works

Works can be cancelled at short notice depending on weather and other factors. Should this occur, works will be rescheduled.
