

# Site establishment and utility relocation works

## Hume Freeway, Tallarook

### 28 July to 31 August 2025

---

**JOHN  
HOLLAND**

John Holland will continue site establishment works and begin underground utility relocations in preparation for upcoming rail works to lower the tracks under the Hume Freeway bridge at Tallarook.

#### Work being done

- Installation of hardstand and site buildings, erection of concrete barriers, and setup of environmental controls
- Improvements to access tracks
- Underground utility and signalling infrastructure relocation
- Delivery of construction materials
- Approved vegetation removal where required.

#### What can I expect?

- **Works 7am-6pm Monday to Friday and 7am-1pm Saturdays**
- **Extended hours, 3am-9pm Monday 28 July**
- Rail corridor access via the level crossing at Sharps and Taylors Road, Tallarook. Traffic management and reduced speeds will be in place
- Nearby residents may hear some noise and can expect some additional construction workers and vehicles in the area.

#### How we are managing impacts

- Traffic management and reduced road speeds
- An arborist will assess all trees before removal
- All areas will be inspected by a qualified wildlife handler before tree removal works commence. If fauna is encountered, works will cease until a wildlife handler has safely relocated the animal
- Environmental controls will be in place for noise, dust and vibration.

#### Machinery used

Compaction roller, excavators, tippers, non-destructive digging truck, elevated work platforms, woodchipper, boring machine, trucks and support vehicles, and workers with hand tools.

#### Cancellation of works

Works can sometimes be cancelled at short notice. Should this occur, works will be rescheduled.

For any concerns or enquiries phone 1800 732 761 or email [inlandrailvic@inlandrail.com.au](mailto:inlandrailvic@inlandrail.com.au).

**Thank you for your patience and cooperation while we carry out these works.**
