

Anderson St bridge demolition and station precinct works

Euroa

1 to 31 August 2025

**JOHN
HOLLAND**

John Holland will continue construction of the new vehicle underpass and Euroa Station Precinct upgrades in August.

Work being done

- Demolition of the Anderson Street bridge structures and approach ramps
- Piling for the new Handbury Street pedestrian underpass, new station platform, lift shafts and Anderson Street vehicle underpass on the northern side of the rail corridor
- Construction and formation of rail track for new western track
- Drainage and culvert construction
- Demolition of existing rail bridge and construction of new rail bridge at the Frost Street underpass
- Construction of hardstand areas, including between Elliot and Beaton streets
- Underground utility relocation in Anderson, Frost and Handbury streets
- Approved vegetation removal where necessary
- Deliveries of construction materials and equipment.

What can I expect?

- **Works 7am-6pm Monday to Friday and 7am-1pm Saturdays**
- Frost Street closed near the existing pedestrian underpass, for approximately one week, while utility relocations are undertaken. Resident access will be maintained
- Closure of Frost Street underpass with a pedestrian detour via the station platform

- All train services via the eastern platform (Platform 1)
- Nearby residents may experience some noise and vibration.

How we're managing impacts

- Traffic management and reduced road speeds
- Wayfinding signage along pedestrian detour
- Environmental controls will be in place for noise, dust and vibrations.

Machinery used

Cranes, piling rigs, excavators, trucks, non-destructive digging trucks, earthmoving plant, compaction roller, cranes, jack hammers and workers using hand tools and survey equipment.

Cancellation or extension of works

Works can sometimes take longer than anticipated or be cancelled at short notice and rescheduled. Should this occur impacted residents will be notified.
