

Site investigations

Yerong Creek

February 2026

Our contractor Martinus is constructing the Albury to Illabo section of Inland Rail.

Martinus will continue investigation works at Yerong Creek until **7 February 2026**, during standard construction hours of **7 am to 6 pm Monday to Saturday**, subject to weather and ground conditions.

Work being done

- Environmental surveys and monitoring
- Geotechnical and service investigations
- Cadastral survey and mapping.

What can I expect?

- Survey and testing equipment, such as a drilling rig and small excavator will be used on-site
- Reduced speed limits to 40 km/h near work sites, where required
- Traffic management will be used where necessary to allow the safe flow of vehicles and pedestrians. Please follow all instructions and signage
- Nearby residents may hear some noise and experience vibration during this time.

Machinery used

Equipment includes, but is not limited to: hand tools, small excavator, truck mounted drill rig, hydro vacuum truck, water carts, survey equipment, traffic management equipment and signage, heavy and light vehicles.

How we're managing impacts

- Works are scheduled to minimise noise impacts as much as possible
- Traffic controls will be implemented, where necessary

- Non-tonal reversing alarms will be used on all equipment, and equipment will be turned off when not in use
- Workers will be instructed to keep noise to a minimum and show respect to our neighbours
- The works will be monitored to ensure compliance with Project Approval Conditions.

Cancellation of works

Work may be cancelled at short notice due to weather and other factors. If this happens, work will be rescheduled and affected neighbours will be notified in advance.

For any complaints, feedback, or enquiries please get in touch with us at **1800 732 761** or email inlandrailnsw@inlandrail.com.au.
