

Construction Update

Culcairn

February - March 2026

Our contractor Martinus is continuing construction works in Culcairn from **February to March 2026** between standard construction hours of **7 am** and **6 pm Monday to Saturday**, subject to weather and ground conditions.

Possession Work

Martinus will also undertake an extended track possession at Culcairn Yard between **6 am** on **Saturday 28 February 2026** and **10 pm** on **Sunday 1 March 2026**.

These works will be continuous, including night work during this period.

Track possessions are critical to the project, as no trains will run during this period. This helps us complete our work faster and minimise disruption to the community.

Work being done

- Replacing track sleepers in the rail yard
- Modifying the signalling gantry within the rail yard
- Mechanised track surfacing, also known as tamping
- Establishing temporary site compound and laydown areas
- Environmental monitoring and ground surveys
- Construction material and equipment deliveries.

What can I expect?

- Heavy vehicles operating at several work sites
- Reduced speed limit of 40km/h near works, where required
- Nearby residents may experience some noise and vibration

- On-site traffic management, where required. Please follow all instructions and signage.

Machinery used

Equipment includes but is not limited to hand tools, Hi-Rail crane, EWP (elevated work platform), tamper, oxy cutters, hydraulic tools, generator, semi-trucks, water carts, survey equipment, heavy and light vehicles.

How we're managing impacts

- Works scheduled to minimise noise impacts where possible
- Use of Hi-Rail equipment to avoid road closures and minimise community disruption. Hi-Rail equipment can drive on roads and travel on railway tracks
- Traffic controls to ensure vehicle and pedestrian safety
- Water carts on-site to dampen the ground and help manage dust
- Non-tonal reversing alarms will be used on all equipment, and equipment will be switched off when not in use
- Workers will be instructed to keep noise to a minimum and show respect to our neighbours
- The works will be monitored to ensure compliance with Project Approval Conditions.

Cancellation of works

Work may be cancelled at short notice due to weather and other factors. If this happens, work will be rescheduled and affected neighbours will be notified in advance.

For any complaints, feedback, or enquiries please get in touch with us at **1800 732 761** or email **inlandrailnsw@inlandrail.com.au**.
