

# Cassidy Parade temporary footbridge opening

## Wagga Wagga 30 May 2026

During the recent track possession, Martinus installed the temporary Cassidy Parade scaffold footbridge.

This temporary footbridge will be accessed from Cassidy Parade and exit via Fox Street.

The temporary footbridge will allow for the safe demolition of the existing footbridge whilst maintaining pedestrian access over the rail track.

Access from Brookong Avenue will be closed during the demolition, with temporary detour open via Fox Street on the Wagga Wagga side.

### When will works occur

From **8am Saturday 30 May the new temporary scaffold bridge will open, and Brookong Ave footbridge ramp will be closed.**

Demolition of the existing footbridge is planned from **Monday 1 June 2026**, during normal construction hours **7am-6pm Monday to Saturday.**

### Machinery used

To complete the works there will be a combination of heavy machinery including large crane, elevated works platforms, concrete saws, hydraulic hammers, excavators, truck and trailers and hand tools. Machinery is selected to ensure work is completed safely and minimise disruption to the community.

### What can I expect?

- Noise associated with the demolition of the existing footbridge including concrete sawing and hammering
- Traffic management will be in place and reduced parking during equipment unloading on Cassidy Parade
- Increased activity and heavy vehicle movements from the Telstra yard compound

### How we're managing impacts

- Noise monitoring, during works to ensure compliance with our Environment Licence.

- Dust mitigations on site including the use of water carts and misting cannons as required
- Traffic control as required to ensure pedestrian safety around heavy vehicles

### Cancellation of works

Works can sometimes be cancelled at short notice due to weather and other factors. Should this occur, work will be rescheduled during normal construction hours.
