

Monthly update

Junee

July 2026

Our contractor Martinus is continuing construction works across various sites in Junee during the month of July.

Olympic Highway under bridge

Out-of-hours construction

Key dates and times

- 5 July – Sunday 8am – 10pm
- 6 July – Monday 6pm – 10pm
- 12 July – Sunday 8am – 10pm
- 13 July – Monday 6pm – 10pm
- 26 July – Sunday 8am – 10pm
- 27 July – Monday 6pm – 10pm

Standard construction hours:

7am to 6pm Monday to Saturday (subject to track availability).

Construction activities:

- Track works (tamping and trench rolling)
- Material transportation between stockpile locations and site
- Traffic control will be in place as needed
- Site compound operation
- Geotechnical investigations
- Vegetation clearing and trimming
- Signalling works

Junee Station Yard

Standard construction hours:

7am to 6pm Monday to Saturday (subject to track availability).

Construction activities:

- Vegetation clearing
- Geotechnical and utility investigations
- Signalling works
- Track works
- Stockpile and material transportation between sites

Kemp Street bridge

Standard construction hours:

7am to 6pm Monday to Saturday (subject to track availability).

Construction activities:

- Asbestos removal may be necessary. Where identified, removals will be carried out by a licensed contractor with SafeWork NSW regulations and industry best practices.
- Abutment, pavement, kerb & footpath excavation, demolition and loadout
- Access track construction
- Piling works including platform construction
- Survey works
- Geotechnical investigations (Seignior Street and Ducker Street)
- Contamination testing and remediation works (if encountered)
- Construction of concrete bridge piers, retaining walls and other substructure elements
- Girder and bridgeworks
- Installation of temporary road signage, fencing, barriers and scaffolding
- Drainage and earthworks
- Utility investigation works
- Spoil stockpile loadout from Driver Platform locations
- Utility relocation works
- Vegetation trimming and clearing
- Traffic control will be in place as needed

Traffic Detours

Stage 2 of light and heavy vehicle detours will remain in place.

- Seignior Street will be partly closed, however the service road will remain open **for local traffic only**.
- Olympic Highway between Seignior Street and Joffre Street will be local traffic access only in a west bound direction.
- Railway Parade between Railway Parade and Railway Lane will be closed (late July)

DOC NO: 5-0052-210-PCS-J7-NT-0025_0

DATE: 26/05/2026

- Heavy vehicle detour will be via Goldfields Way, Old Junee Road onto either Queen Street or Main Street.

Stage 2 – Vehicle Detours

Bus Services

Currently, there are no impacts to regular bus and school services. Should this change, notice will be provided.

Community Shuttle

Community shuttle service will run uninterrupted until Stage 3 of traffic detours. During stage 3, the Seignior Street turnaround point will be shortened when drainage works are happening.

How we're managing impacts

- Works programmed to best minimise noise impacts.
- Use of low-tonal reversing alarms on all plant and equipment and turning off equipment when not in use.
- Instructing workers to keep noise to a minimum and being respectful of our neighbours.
- Water carts onsite to assist with dust suppression and fire risks.
- Onsite noise monitoring to be conducted to ensure compliance

Temporary traffic changes near you

- During construction, vehicle movements will be to and from site, as well as on site.
- Traffic management will be in place to safely direct traffic as needed

What can I expect

Unfortunately, some construction activities are inherently noisy which cannot be avoided. Properties near these areas can expect to hear:

- Excavation activities involving the removal of existing surfaces such as rock, soil, bridge segments, bridge abutments, existing roads and transportation of materials
- Heavy vehicle movements, geotechnical investigations and pavement coring.
- Loading, unloading and moving equipment including cranes and materials
- You may see an increase in deliveries of plant, equipment and materials to all our site compounds, ancillary facilities and laydown areas in the lead up to the possession.
- Construction machinery and equipment operation

Equipment list

Backhoe, ballast equipment, compactor, compressor, concrete agitator truck, elevated work platforms, excavators, front end loader, generator, grinders, hand tools, hi-rail equipment, hydraulic tools, jumping jack, lighting towers, mobile cranes, plate compactor, positrack, rail saw, road sweeper, rollers, telescopic handler, truck & dogs, light and medium rigid vehicles, vacuum trucks, watercarts.

Cancellation of works

Work may be cancelled at short notice due to weather and other factors. If this happens, work will be rescheduled and affected neighbours will be notified in advance.

For any complaints, feedback, or enquiries please get in touch with us at **1800 732 761** or email inlandrailnsw@inlandrail.com.au.
