

Construction Update Uranquinty August 2026

Martinus will undertake works at Uranquinty, including some activities outside the standard construction hours (7am to 6pm, Monday to Saturday), on the following dates and times:

- **6pm to 8:30pm on Tuesday, 18 August 2026**
- **6pm to 8:30pm on Wednesday, 19 August 2026**

Work being done

- Signalling and track-related works
- Rail cutting and welding
- Mechanised track surfacing, also known as tamping
- Replacing timber sleepers within the rail corridor
- Environmental monitoring, survey and track inspections.

What can I expect?

- Reduced speed limit of 40km/h near works, where required
- Nearby residents may experience some noise and vibration
- Additional lighting will be used to keep the work area safe during evening hours.

Machinery used

Equipment includes but is not limited to hand-powered tools, excavator, hi-rail machinery, welding truck, saw cutter, lightning towers, survey equipment, and light vehicles.

How we're managing impacts

- Non-tonal reversing alarms will be used on all equipment, and equipment will be switched off when not in use
- Lighting towers will be positioned away from nearby properties where practicable

- Workers will be instructed to keep noise to a minimum and show respect for our neighbours
- The works will be monitored to ensure compliance with Project Conditions of Approval (CoAs) and adherence to the requirements outlined in the Environment Protection Licence (EPL 21984).

Cancellation of works

Work may be cancelled at short notice due to weather and other factors. If this happens, work will be rescheduled and affected neighbours will be notified in advance.

For any complaints, feedback, or enquiries please get in touch with us at **1800 732 761** or email inlandrailnsw@inlandrail.com.au.
