

Out of Hours Work Henty September 2026

Martinus will continue work at Henty during an extended track possession at Henty from **7am on Saturday, 12 September to 6pm on Tuesday, 15 September 2026**.

These works will be continuous, including some night work throughout this period.

Track possessions are critical to the project, as no trains will run during this period. This helps us complete our work faster and minimise ongoing disruption to the community.

Work being done

- Signalling testing and commissioning
- Ground drilling for concrete piling and concrete pouring of foundations
- Environmental monitoring, survey and track inspections
- Removing materials and debris off-site.

What can I expect?

- Heavy vehicles operating at the work site
- Reduced speed limit of 40km/h near the work area
- Nearby residents may experience some noise and vibration.

Machinery used

Equipment includes, but is not limited to, hand tools, survey equipment, a small piling rig, concrete truck, and light vehicles.

How we're managing impacts

- Water carts on-site to dampen the ground and help manage dust
- Non-tonal reversing alarms will be used on all equipment, and equipment will be switched off when not in use
- Traffic controls, where required, to ensure vehicle and pedestrian safety
- Workers will be instructed to keep noise to a minimum and show respect for our neighbours
- The works will be monitored to ensure compliance with Project Conditions of Approval (CoAs) and adherence to the requirements outlined in the Environment Protection Licence (EPL 21984).

Cancellation of works

Work may be cancelled at short notice due to weather and other factors. If this happens, work will be rescheduled and affected neighbours will be notified in advance.

For any complaints, feedback, or enquiries please get in touch with us at **1800 732 761** or email inlandrailnsw@inlandrail.com.au.
