

Signalling work Henty October 2026

Martinus will resume work at Henty from **Friday 2 October 2026** during standard construction hours from **7am to 6pm, Monday to Saturday**.

If work is required outside these hours, affected neighbours will be notified in advance.

Work being done

- Installing and relocating signalling equipment
- Service locating and excavation work to install signalling services
- Installing gantry footings and modifications
- Testing and commissioning signalling infrastructure.

What can I expect?

- Light vehicles, trucks, excavators and vacuum trucks moving in and around the work area
- Nearby residents and businesses may notice intermittent noise, vibration, dust and increased vehicle movements
- Traffic control may be in place when required to support safe access for vehicles, pedestrians and workers.

Machinery used

Machinery being used includes but is not limited to light vehicles, tipper trucks, excavators, vacuum trucks, compactors, and hand tools.

How we're managing impacts

- Using water carts or other controls where needed to help manage dust
- Switching off equipment when not in use and using non-tonal reversing alarms where available
- Using traffic control, signage and barriers where required to support public and worker safety

- Keeping work areas tidy and removing materials from site as work progresses
- Monitoring noise and vibration to support compliance with project environmental requirements.

Cancellation of works

Work may be rescheduled at short notice due to weather, rail operations or other site conditions. If this happens, we will notify impacted residents and businesses where required.

For any complaints, feedback, or enquiries please get in touch with us at **1800 732 761** or email inlandrailnsw@inlandrail.com.au.
