Out-of-Hours Works
Junee
November 2026

Martinus is continuing construction works across various sites in Junee.

Standard construction hours are 7am to 6pm **Monday to Saturday**. Out of hours work is sometimes required to work around trains running and based on track time.

Olympic Highway underbridge and Junee Yard

Out-of-hours works

- 2 November – Monday 6pm -10pm
- 9 November – Monday 6pm – 10pm
- 15 November – Sunday 6pm – 10pm
- 29 November – Sunday 8am – 10pm
- 30 November – Monday 6m – 10pm
- 6 December – Sunday 8am – 10pm
- 7 December – Monday 6pm – 10pm
- 20 December – Sunday 8am – 10pm
- 21 December – Monday 6pm – 10pm

Construction activities:

- Track works (ballasting, tamping and trench rolling)
- Movement of materials stockpiles and from site
- Geotechnical investigations
- Vegetation clearing and trimming as required
- Signalling installation works

Track Possession Works

Martinus will carry out track and associated works within the rail corridor within Junee during an extended track possession.

Construction will commence at various times as detailed per site below.

Olympic Highway Underbridge and Junee Yard

6am Saturday 7 November until 7am Monday 9 November.

Olympic Highway track possession activities

- Site compound operation
- Geotechnical investigations
- Trackwork including tamping
- Movement of materials and stockpiles
- Signalling works
- Level crossing works
- Excavation and drainage work

Kemp Street Bridge

7am Saturday 7 November until 10pm Sunday 8 November.

Kemp Street Bridge track possession activities

- Site compound operation
- Geotechnical investigations
- Trackwork including tamping
- Movement of materials and stockpiles
- Concrete pours and reinforcements to spans and piers
- Retaining wall construction
- Drainage and earthworks
- Vegetation trimming

Machinery used:

Heavy machinery including but not limited to track machinery, excavators, front end loader, generators, light vehicles, hand tools, watercarts and lighting towers.

What can I expect

- Excavation activities involving the removal of existing surfaces such as rock, soil, bridge segments, bridge abutments, existing roads and transportation of materials
- Heavy vehicle movements, geotechnical investigations, construction machinery and equipment in operation
- Additional lighting towers in the area
- Temporary traffic control where necessary

How we're managing impacts

- Works programmed to best minimise noise impacts.
- Use of low-tonal reversing alarms on all plant and equipment and turning off equipment when not in use.
- Instructing workers to keep noise to a minimum and being respectful of our neighbours.
- Water carts onsite to assist with dust suppression and fire risks.
- Onsite noise monitoring to be conducted to ensure compliance
- Traffic management will be in place to safely direct traffic as needed

Cancellation of works

Work may be cancelled at short notice due to weather and other factors. If this happens, work will be rescheduled and affected neighbours will be notified in advance.

For any complaints, feedback, or enquiries please get in touch with us at **1800 732 761** or email **inlandrailnsw@inlandrail.com.au.**
