

Three Month Lookahead

Albury

November 2026 to January 2027

Martinus will continue working at Albury sites from **Monday, 2 November 2026 to Saturday, 30 January 2027** during standard construction hours of **7am to 6pm, Monday to Saturday**.

Track Possession Work

Martinus will also undertake out-of-hours work during an extended track possession at Albury from **6am on Saturday, 7 November to 7am on Monday, 9 November 2026**.

These works will be continuous, including night works.

Track possessions are critical to the project, as no trains run during this period. This helps us complete our work faster and minimise ongoing disruption to the community.

Standard construction hours of **7am to 6pm Monday to Saturday**, will commence following the track possession.

Work being done

Albury Station footbridge and yard

- Operating the temporary site compound at Swift Street, Albury
- Installing drainage
- Ground drilling for concrete piling and formwork
- Lifting steel structures for the new Albury Station footbridge
- Welding and track slewing
- Signalling and track-related works
- Mechanised track surfacing, also known as tamping
- Excavating ground and earthwork
- Grubbing and vegetation removal

- Environmental monitoring, survey and track inspections
- Delivering construction equipment and materials
- Removing materials and debris off-site

Riverina Highway bridge

- Signalling and track-related works
- Mechanised track surfacing, also known as tamping
- Installing drainage
- Ground drilling for concrete piling and formwork
- Excavating ground and earthwork
- Environmental monitoring, survey and track inspections
- Delivering construction equipment and materials
- Removing materials and debris off-site

Wilson Street, Albury

Installing a low-voltage utility on Wilson Street, Albury, to support the water pump operating within the rail corridor:

- Trenching and excavation along Wilson Street, Albury
- Installing a temporary access gate at the end of Wilson Street for access into the rail corridor
- Installing new conduits, cables, ducts and pits
- Removing approved vegetation, where required

Kenilworth Street, South Albury

- Concrete ramp works and retaining walls at the railway station, ramp structures and ramp decks, which will provide safe and accessible connections between surrounding streets and the new bridge.

Three Month Lookahead Albury November 2026 to January 2027

What can I expect?

- Heavy vehicles operating at several work sites
- Reduced speed limit of 40km/h near works, where required
- Nearby residents may experience some noise and vibration
- On-site traffic management, where required. Please follow all instructions and signage
- Nearby residents may experience some noise and vibration while we carry out the works.

Machinery used

Equipment includes but is not limited to hand tools, cranes, hi-rail machinery, oxy cutter, hydraulic hammer, concrete trucks, generators, plate compactor, drum rollers, semi-trucks, loaders, EWP (elevated work platform), vibrating rollers, vacuum truck, excavators, water carts, tamper, survey equipment, traffic management equipment, heavy and light vehicles.

How we're managing impacts

- Using water carts or other controls where needed to help manage dust
- Switching off equipment when not in use and using non-tonal reversing alarms where available
- Using traffic control, signage and barriers where required to support public and worker safety
- Monitoring the works to support compliance with project environmental requirements.

Cancellation of works

Work may be cancelled at short notice due to weather and other factors. If this happens, we will reschedule the work and notify affected neighbours in advance.

For any complaints, feedback, or enquiries please get in touch with us at **1800 732 761** or email inlandrailnsw@inlandrail.com.au.

Information about Inland Rail is available at <https://inlandrail.com.au/>

Holiday shutdown period

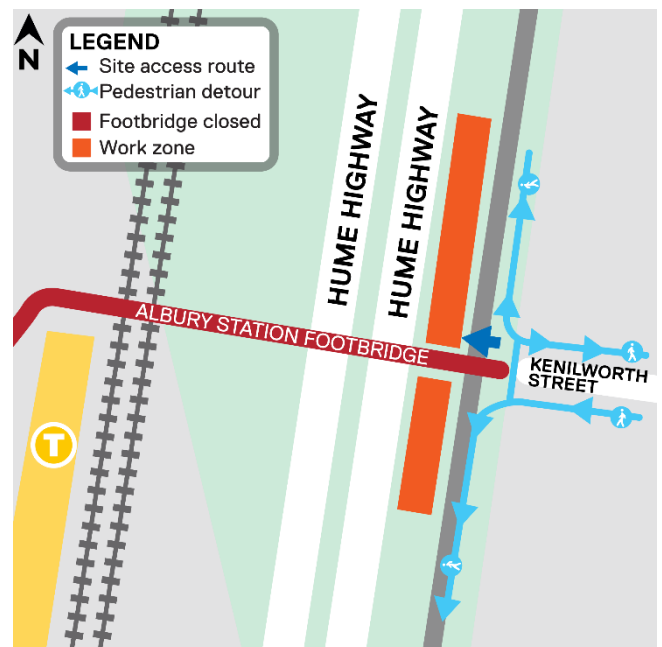

Our construction sites on the Albury to Illabo section will be closed for the holiday period from Thursday, 24 December 2026 to Sunday 3 January 2027.

Work will recommence on Monday, 4 January 2027.

Thank you for your continued patience and cooperation while we carry out these works.
